Diary No 6018 Encls Spare Copies Serial No 1

Brief Abstract of Letter

States that sums amounting to Rs 167-9-7 and 163-8-0 are claimed by the Mysore City Municipality on account of excess water consumption charges due from 1906-7 up to the end of 1909-10 and (College Students' Home rental and Mahomedan Student's Home rental for the corresponding years)

requests that as it is quite impossible to collect the amounts from the students who occupied rooms at the time, the same may either be written off or a special grant sufficient to cover the amounts may be sanctioned to meet the expenditure

NOTES AND ORDERS

The argument adduced in favor of a higher minimum for these Students' Homes is the same as that adduced in the case of the Bangalore Central College Hostel. As in that case, Mr Weir states that

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE,

From

J WEIR, Esq, MA,

Inspector-General of Education in Mysore

To C.S Balasundaram Iyer, Esq , B A ,

Offg Secretary to the Government of H H the Maharaja of Mysore, General and Revenue Departments, Bangalore

SIR,

In continuation of my letter No 8006/632 dated 1th March 1911, I have the honour to inform you that there is a similar question at issue between the Mysore College students Home and the Mahomedan students' Home on the one hand and the Mysore Municipality on the other regarding the payment of water tax The arrears due from 1904-5 up to the end of 1909-10 for the College students' Home is stated to be Rs.147-9-7 and for the Mahomedan students' Home is stated to be 163-8-0 It is quite impossible to collect these amounts from the students who occupied rooms at the time and I think they must be written off on a special grant made to the Homes to meet this expenditure

2 I think that the ordinary rates for dwelling houses should not be applicable to students' Homes But if Government finally decides that the tax must be paid, I think that previous notice should be given to the Managers that tax will begin from a certain date, and the Municipal authorities should be directed to submit their bills monthly Otherwise it will be quite impossible for the managers of the students' Homes to collect the amount

Sir,

I have the honour to state that during the period of one year, since the introduction of metres by the City Municipality the quantity of pipe water utilised for the Brammin Hostel attached to this School has exceeded the normal quantity allowed under the regulations of the Water-Works Department and that the extra charge incurred cannot be distributed among the boarders as most of them are school Masters getting low salaries This charge can neither be met out of the Government Grant-in-aid which is limited and is required for paying the ordinary establishment charges of the Hostel A representation in the matter was sent through the Superintendent in charge of the Mysore City Water-Works, to the Executive Engineer, Water Supply and Stores Division, Bangalore but he has refused to exempt the Hostel from the payment of the extra charge A copy of the Executive Engineer's reply is herewith enclosed

2 The Managing Committee of the Hostel have desired me to request you to be so good as to get the Hoste , exempted from the payment of the excess water-tax The Hostel attached to the Maharaja's College has no metre attached to the pipe-line and enjoys the privilege of utilising the water needed without paying excess charges and it is requested that a similar concession be shown to this Hostel also

(2) 684

3. The Normal School Hostel is at present located in Mr. Chikka Muddaiya's Bangalow to the north of the Wellington Lodge, in Lashker Mohalla, and there are at present 50 boarders in it

In returning the above he has the honour to inform him that a larger free allowance cannot be granted as no exception can be made in the existing rules. The water supply is run on commercial lines and it is unfair for one Department to be saddled with the extra charges which should by right, be borne by that Department.
